

E4221L - Compact Outdoor Wall Spotlight - Copper - 12v MR16

Description

Elipta Compact wall spotlight E4221L is 12v adjustable wall or post mount spotlights for down lighting and accent lighting focal points. Accommodates a wide range of our MR16 LED lamps (order separately). There is space inside the spotlight body to fit a E4010 58mm honeycomb glare louvre or a clip-on MR16 spread lens, frosted lens or colour filter accessory onto the front of the lamp. All our natural copper fittings come with a polished finish that weathers to a Verdigris Patina blending naturally with brick, stone and many natural materials.

If a polished look is desired we recommend regular polishing is needed; be sure to remove all traces of polish to prevent dark stains appearing

Colour/ Finish	Solid natural copper with a polished finish, this will weather to a mottled brown finish in 2-3 years approx.
Exterior Dimensions	Body 100mm x 65mm with lens being 45mm, 158mm including knuckle and bracket.
Interior Dimensions	74mm between lamp holder and lens.

Installation guidelines

Screw back plate onto wall, post or Besa box. Seal wall fixing holes with silicone sealant. Wire to transformer with 1.5mm² or 2.5mm² ground burial 2 core low voltage cable, available in 50m or 25m packs.

12v operation requires power from a transformer or PSU, order separately.

5 YEAR WARRANTY

Natural copper body

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Corrosion due to exposure to salt or chlorine. Natural copper will discolour (verdigris) over time. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss.

2 YEAR WARRANTY

Internal wiring & lampholder

Exclusions: Damage due to incorrect lamp fitting or lamps above specification. Responsibility for 3rd party cost; indirect or consequential loss
