

Elipta E6471S- Pole Spot Duo – Rustic Brown - 12v

Description

Elipta E6471 12v Pole Spot Duo is a pole-mounted twin spotlight ideal for uplighting trees and taller shrubs from amongst medium-height planting. It is also good for spotlighting features at ground level or washing light across a lawn, path or gravel area. It is fully adjustable, weatherproof to IP65 and fitted with a 1.5m heavy duty rubber cable.

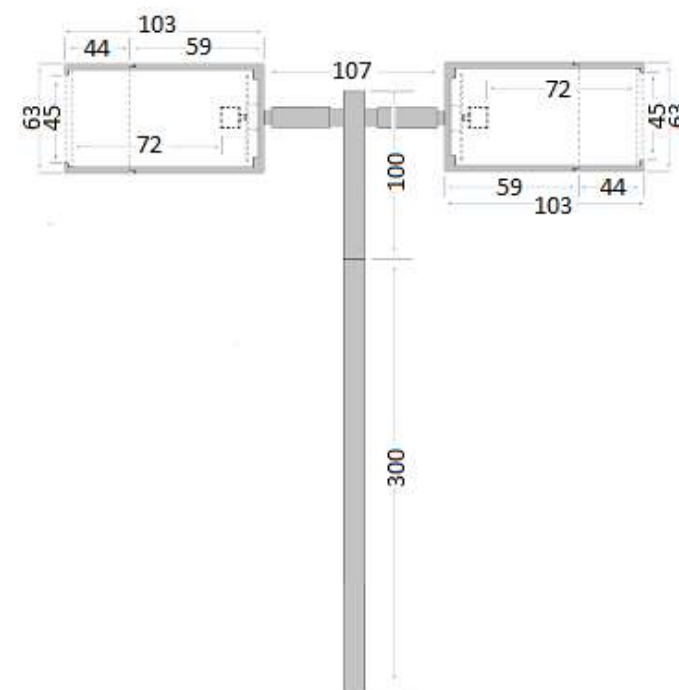

It accepts MR16 LED lamps up to 7 watts, with space inside for an E4009 honeycomb glare louvre or a variety of clip-on filters.

Pole Spot Solo is supplied with the standard E6001 polycarbonate spike. The high-stability E6002 Tri-Spike which provides firm positioning in loose soils is suggested when using the optional E6011 30cm extension pole the height may be increased to 70cm. Order required spike mount separately.
