

# FE13A - Elipta 3 Metre Mains Lead with 13A Plug and Terminal Connector.

## Description

Elipta 240v Festoon system uses heavy duty HO5RN-F cable to provide professional quality Festoon lighting that can be used in permanent outdoor installations. The 5 metre festoon cables can be plugged together to make any length of festoon you like up to a maximum of 150 metres.

The FE13A 3m Mains lead has a 13A mains plug at one end and a weatherproof terminal connector at the other end. Screw-in weatherproof connectors ensure cables are securely locked together.
