The GLOO PURE floor luminaire consists of a painted aluminium tube that terminates in an frosted real glass ball. Equipped with an E27 socket, both energy-saving and LED lamps can be used. It is suitable for use outdoors thanks to its IP44 protection class. The GLOO PURE series also includes wall lights as well as floor stands, and can therefore be used universally. As an option an earth spike as well as a connection box for safe electrical connection to the round luminaire upright, are available. Connection is made to the 230V mains voltage. This luminaire is compatible with bulbs in energy classes: A - A+
