

Elipta E6411S- Pole Spot Duo - Stainless Steel - 12v

Description

Elipta E6411 12v Pole Spot Duo is a pole-mounted twin spotlight, ideal for up-lighting trees and taller shrubs from amongst medium-height planting. It can also be used for spotlighting features at ground level or washing light across a lawn, path or gravel area.

The lights are fully and independently adjustable and can be pointed in any direction. It is weatherproof to IP65 and fitted with a heavy duty 1.5m rubber cable.

It accepts MR16 LED lamps up to 7w, with space inside for an E4009 honeycomb glare louvre or a variety of clip-on filters.

Pole Spot Solo is supplied with the standard E6001 polycarbonate spike. The high-stability E6002 Tri-Spike which provides firm positioning in loose soils is suggested when using the optional E6011 30cm extension pole the height may be increased to 70cm. Order required spike mount separately.
