

EH5853-400 - Vortex Bollard Light - Warm White - Graphite

Description

The Vortex 240v bollard light with its warm white LEDs has a sleek design with a modern powder coat graphite finish. With 7 watt 262 Lumen light output and a 2 metre glare free radius of light to the front and sides of the fitting makes it an excellent option for lighting along paths at intervals of 2-4 metres apart.

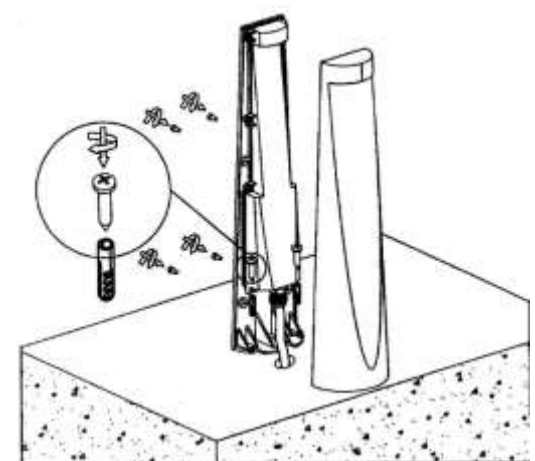

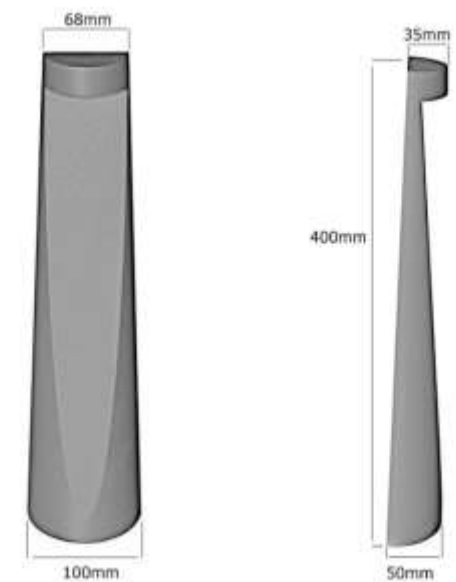

Electrical	240v 7w 262 Lumens Warm white 3000K 49° beam angle
Colour/ Finish	Graphite Grey powder-coated aluminium
Exterior Dimensions	400mm tall x 100mm wide

 Beam 49°	IP65		
Built-in LED	3000K	240v 7w	Pre-wired 2m

Pre-wired with 2m's rubber cable for connection via T9969 underground joint kit.

The Vortex may be bolted to paving and slabs prior to electrical installation using the slots at the base of the fitting. An optional ground spike is available for installation in planting and lawn areas.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

2 YEAR WARRANTY

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
Corrosion due to exposure to salt or chlorine.
Damage due to incorrect installation practices.
Responsibility for 3rd party cost, indirect or consequential loss.
