

GLMR16S Lunar Spotlight

Lunar is a budget-priced adjustable IP68 spotlight with a plastic body and MR16 lamp holder. It has a clear lens, a 5m cable with IP44 Plug&Play connector and a clip-on glare shield for lighting small focal points, or for use as an underwater spotlight in fountains and waterfalls

PHYSICAL DATA

Plastic body with a plastic clip on glare shield. The light has an adjustable knuckle joint allowing the light to be tilted through 90°. The light is IP68 rated.

ELECTRICAL DATA

12v ac – Requires power from a compatible plug & play transformer. The light accepts LED or Halogen (up to 20w) lamps with an MR16 fitting. Lamps need to be ordered separately. Supplied with 5m cable terminated with a 2 pin IP44 rated plug & play connector

INSTALLATION

The light comes without a mount. A wall mount, two base mounts, and a ground spike are available as optional purchases. An IP68 waterproof connection can be achieved by using either the GLWJB IP68 rated junction box or GLWCC waterproof cable connector.

COMPLIANCE & WARRANTY

- 2 Year Warranty
- CE / RoHS Compliant
